

# **QUESTIONNAIRE**

## ***The Genesis Pioneer Program (G.P.P.)***

Hello,

Please take your time and answer the following questions to help us better understand if you're a good fit for this program. Thank you.

**Who are you and what's your background/ location?**

**Why do you want to participate in this program?**

**What are your initial thoughts on the Wavelength Emitting Electronic Device™?**

**What can you offer this research initiative?**

**What are your research capabilities? Do you have a dedicated R&D lab?**

**What kind of experiments would you conduct with this technology?**

**Do you have the ability to add supplemental Co2 to the growing area?**

**Do you have any social media profiles? If so which ones and how many followers etc?**

**Do you have any contacts that may be interested in being a potential  
investor/benefactor?**

Thank you for your participation. Please take your time and answer the questions to the best of your ability. We look forward to hearing back from you.
